Summary Definition of Conflict of Interest

It is each member's and alternate's responsibility to determine whether they have a conflict of interest and whether they should excuse themselves from a particular discussion or vote during a meeting. To assist you in this evaluation, the following *Summary Definition of Conflict of Interest* may be helpful.

A Commission *member or employee* has a conflict of interest in a decision of the Commission if it is reasonably foreseeable that the decision will have a material effect, financial or otherwise, on the member or employee or a member of his or her immediate family that is distinguishable from its effect on all persons subject to the Commission's jurisdiction.

No Commission member or employee shall make, or participate in making, any decision in which he or she knows or should know he or she has a conflict of interest.

No Commission member or employee shall, in any way, use his or her position to influence any decision in which he or she knows or should know he or she has a conflict of interest.

ITEM 3.a: Consider approval of Board of Director's meeting minutes of November 16, 2023

SUMMARY:

The minutes of the Board of Directors' regular meeting of November 16, 2023 are attached for the Board's review and approval. These minutes were originally submitted at the February 2024 Board meeting, however due to a request for revisions from Alternate Member John Berns, were not approved at that time. Mr. Bern's requested edits to the November minutes to provide clarification to comments under Insights Driven Business Enhancements – Item 9.c, have now been finalized, therefore the revised minutes are being presented here for Board approval.

MOTION 23-11-16-1

ITEM #4 CHAIRPERSON TAKES GAVEL AND PRESIDES

Chairperson's Opening Remarks – Item 4.b.

Mr. Cole thanked the Board for their support and electing him to the position of Chairperson. He made a special comment thanking Rob Grether for the three years he served as Chairman. Mr. Cole stated that he knows firsthand how much time Mr. Grether put in off the clock and personally. He commented that Mr. Grether worked harder than any chairman that he as seen so he has a huge pair of shoes to fill. Mr. Cole commented that there has been a lot of positive change that has happened in the Commission but there is still work to be done. He stated that Terry Splane, VP of Marketing, has brought a whole new zest and excitement to our marketing department and he is excited to see what the new agency, Curious Plot, can do for the Commission.

Mr. Cole stated that there are items that will need to be tackled on the governance side, packer involvement as voting members moving forward, what should the specifics be to qualify as a commercial grower, and a hard look at the assessment rate to balance the budget and where we think our production will be in the next few years. Mr. Cole would like to discuss forming a governance committee at the February 2024 meeting. He is bringing this up to plant the seed for anyone that may be interested in serving on a governance committee. For the new Board members, Mr. Cole listed the current standing committees at the Commission: Production Research Committee, Marketing Committee, and Finance Committee.

<u>Nominations and Election of Vice-Chairperson, Secretary, and Treasurer – Item 4.a.</u> Vice Chairperson

Mr. Cole assumed the position of Chairperson and requested nominations for the position of Vice-Chairperson. Robert Jackson was nominated for the position of Vice-Chairperson by John Cornell. Maureen Cottingham was nominated for the position of Vice-Chairperson by Will Carleton. Rachael Laenen was nominated for the position of Vice-Chairperson by Rob Grether. There were no further nominations for the position of Vice-Chairperson. Subsequently, Mr. Jackson and Ms. Cottingham declined their nominations for the position. There were no further nominations for the position of Vice-Chairperson.

MOTION 23-11-16-2

Secretary

Mr. Cole requested nominations for the position of Secretary. Daryn Miller was nominated for the position of Secretary by Rachael Laenen. There were no further nominations for the position of Secretary.

ACTION:

Move to elect Daryn Miller to the position of Secretary. MSC (Unanimous)

Treasurer

Mr. Cole requested nominations for the position of Treasurer. Maureen Cottingham was nominated for the position of Treasurer by Rachael Laenen. There were no further nominations for the position of Treasurer.

ACTION:

Move to elect Maureen Cottingham to the position of Treasurer. MSC (Unanimous)

MOTION 23-11-16-4

MOTION 23-11-16-3

ITEM # 5 CONSENT CALENDAR

Mr. Cole introduced the consent calendar items and asked for questions or comments. Mr. Daryn Miller, Board Treasurer, commented that he would like consideration for having one or two of the Board meetings near the central and northern regions to allow for more local growers to attend in-person. Hearing no further comments, the following motion was put forward:

MOTION:

The CAC Board of Directors approves the Consent Calendar, Items 5.a through 5.d as presented.

(Miller/Cottingham) MSC Unanimous

MOTION 23-11-16-5

The <u>Consent Calendar</u> is included in the November 2023 Board Packet and is attached to the permanent copy of these Minutes and identified as EXHIBIT A, Items 5.a through 5.d.

ITEM #6 BOARD MEMBER ORIENTATION

Ken Melban, CAC VP of Industry Affairs and Operations informed the Board that the last orientation was done in 2018 so this information will be a good refresher for all. Mr. Melban shared that the presentation for the Board of Directors Orientation will be available for reference.

Mr. Melban commented that during the Commission's governing documents slide of the orientation, Mr. Jason Cole, CAC Chairman, had contacted him to commend the grower website (<u>https://www.californiaavocadogrowers.com/</u>) for the vast amount of resources specific to cultural practices located there. Mr. Melban informed the Board that April Aymami, CAC Director of Industry Affairs, is in the process of completing a website revamp which is expected to be available by the end of 2023.

Jessica Hunter, CAC Board Member, commented on the Industry Statistics orientation slide that she has received several comments from growers that the Board has almost doubled the assessment rate from 1.50% in 2022/23 to 2.25% for 2023/24. Ms. Hunter pointed out the tenyear history of assessment rates and that even though the rate has significantly changed for 2023/24, the amount is not out of place from where we have been. The Board previously lowered the assessment rate to provide growers some relief while the Commission had a large reserve with the knowledge that the assessment rate would eventually go back to where it was previously.

The Board of Directors Orientation Presentation is attached to the permanent copy of these Minutes and identified as EXHIBIT B.

ITEM #7 CODE OF CONDUCT AND ETHICS

Jason Cole, CAC Chairman, informed the Board that there would be a presentation from CAC's legal counsel, Mr. George Soares with Kahn, Soares & Conway, LLP on the CAC code of conduct and ethics.

George Soares, CAC Legal Counsel, commented that the modern-day commissions all use the same format that has been tested on court, all the way to U.S. Supreme Court. Mr. Soares informed the Board that he had reviewed the structure of the existing Code of Conduct document and that there were elements of the Code of Conduct document that need to be made clearer. He informed the Board that the document included in the Board packet is the refined Code of Conduct document that has been part of the Commission for many years. Mr. Soares stated that Board members need to have clarity as to what the expectations are so that there is no confusion as the members serve on this Board.

Mr. Cole addressed the Board and stated that this document is just a refinement of the already existing Code of Conduct document. He commented that if the Board approves the document now as presented, if there are any glaring issues found later, the document can be modified again. Mr. Cole commented that this document allows the Board the ability to hold each other accountable and set expectations on how we, as a Board, conduct ourselves.

Ken Melban, CAC VP of Industry Affairs and Operations commented that under the CAC Internal Controls Policies and Procedures, there are Board Code of Conduct elements listed. That document is not approved by the Board as it is an internal document on how the Commission operates. The effort of this revised document is to remove that portion entirely from the CAC Internal Controls Policies and Procedures (ICPPs) and the Board will adhere to their own Code of Conduct that they establish for themselves, separate from staff.

Robert Jackson, CAC Board Member, asked Mr. Soares what current Commission document he used as the base of the Code of Conduct. Mr. Soares informed Mr. Jackson that the language was from the current CAC ICPPs. Mr. Ken Melban clarified that the previous Code of Conduct within the CAC ICPPs document would be removed, and this revised Code of Conduct and Ethics document would be a standalone policy. Mr. Jackson commented that there was some word smithing that he believes needs to be done and he would like the opportunity to work with Mr. Soares in word smithing specifically item 2.d.

MOTION:

The CAC Board of Directors approves the Code of Conduct and Ethics to remove item 2.d. on page 2 of 6 and with the allowance for Robert Jackson, CAC Board Member and George Soares, CAC Legal Counsel, to work on new verbiage to be reviewed at the February 2024 meeting. (Carleton/Cornell) MSC (4 Yea/7 Nay)

MOTION:

The CAC Board of Directors approves the Code of Conduct and Ethics as presented and removes any references of the Code of Conduct from the CAC Internal Control Policies & Procedures. MSC (9 Yea/1 Nay/1 Abstain)

MOTION 22-11-17-7

The <u>Code of Conduct and Ethics</u> is included in the November 2023 Board Packet and is attached to the permanent copy of these Minutes and identified as EXHIBIT C.

ITEM #8 CHAIRMANS REPORT

Recommend Member and Alternate to Serve on Hass Avocado Committee – Item 8.a.

Jason Cole, CAC Chairman, informed the Board that they need to appoint a member and alternate to serve on the Hass Avocado Committee. Mr. Cole asked if anyone had any interest in serving on HAC. Rob Grether was nominated as member and Jamie Johnson was nominated as alternate member.

<u>MOTION:</u>

The CAC Board of Directors approves the election of Rob Grether, CAC Board Member as HAC member and Jamie Johnson, CAC Board Alternate Member as HAC alternate member.

(Cottingham/Laenen) MSC (10 Yea/1 Abstain)

MOTION 23-11-16-8

<u>Recommend Member and Alternate to Serve on Avocado Sustainability Advisory – Item 8.b.</u> Jason Cole, CAC Chairman, informed the Board that they need to appoint two members to serve on the Avocado Sustainability Advisory. It was confirmed that both members of CAC on the Avocado Sustainability Advisory will be voting members, not a member and an alternate. Ken Melban, CAC VP of Industry Affairs and Operations stated that he would be willing to continue to serve. Daryn Miller, CAC Board Member, also agreed to serve.

MOTION:

The CAC Board of Directors approves the election of Ken Melban, CAC VP of IndustryAffairs and Operations and Daryn Miller, CAC Board Member as ASA members.(Grether/Cottingham) MSC (10 Yea/1 Abstain)MOTION 23-11-16-9

ITEM #9 MARKETING REPORT

Strategy Behind 2023-24 Business Plan Development – Item 9.a.

Terry Splane, CAC VP of Marketing commented that when he was informed that the CAC budget would be cut by thirty percent (30%), it forced the marketing team to think completely differently about what adds value to the grower, the brand, and the consumer that were shown in the Marketing Update presentation. The CAC Marketing objectives are to aspire to an average price per pound that meets or exceeds the target set by the Commission Board, retain or increase California avocado awareness, perceived value and preference with our consumer targets, and build loyalty with existing and target new trade customers.

Introduction of New Resources – Item 9.b.

Lori Small, CAC Marketing Manager commented that she has 10+ years working directly on public relations and influencers on behalf of CAC in previous years. Ms. Small stated that with her experience, we eliminated the need for a separate public relations agency and allows for streamlining the PR and influencer efforts by bringing them in-house.

Insights Driven Business Enhancements – Item 9.c.

Cristie Mathers from the new marketing agency, Curious Plot, informed the Board that their company is a full-service marketing communications and management consulting agency that is dedicated to serving clients in agriculture. Curious Plot is unique in that they are not only a full-service agency dedicated to food and agriculture, but they are an independent subsidiary of Land O' Lakes which is farmer owned.

Ms. Mathers spoke on the 2023 Media Campaign Wrap-Up on the media plan for digital, audio, outdoor and social media. She then informed the Board of the new changes they are excited to

deliver with optimizing programs using strategic, hyperlocal, targeted paid media placements that integrate with retail and drive targets directly to the store.

John Cornell, CAC Board Member commented on one of the marketing presentation slides pertaining to meeting or exceeding the price per pound identified by the CAC Board. Mr. Cornell commented that supply and demand determines what the price per pound is, so he wanted to know where the price came from.

Jason Cole, CAC Chairman replied to Mr. Cornell that the price per pound is the price the Board uses for budgeting purposes to set the annual assessment rate. Mr. Cole reminded Mr. Cornell that an evaluation of the crop was done at the August 2023 meeting to discuss the price for assessment and budgeting purposes.

Mr. Cornell commented that he understands that the price must be used to set the budget and assessment, however, for performance purposes, he believes that the measurement should be the value that the Commission can create for California fruit over our competition which would determine if we were succeeding or failing. Mr. Cornell stated that the only thing we can do is to create a premium. Ken Melban, CAC VP of Industry Affairs and Operations commented that the language should be 'price differential' instead of the word 'premium' because it is subjective.

Rob Grether, CAC Board Member commented that he respectfully disagrees that the measure of success is only if we achieve a premium over imported fruit. He commented that CAC has a marketing budget to promote California avocados. Imported avocados also have marketing support and in some cases a significantly larger marketing budget. Mr. Grether stated that while he believes we should have a goal that California fruit command a premium, if it does not achieve a premium, he does not think we should judge the Commission's marketing efforts as a failure. It may be that the best we can do is just to keep pace with imported volumes. He is not saying this should be the goal, however, but for us to be careful stating that if we do not receive the premium, it is evidence that the program is a failure.

April Aymami, CAC Director of Industry Affairs commented that if the Board chooses, they can set a different price than what is used for the budget. She stated that the price number right now is a dollar and fifteen cents (\$1.15) since this was the number used for the budget. If the Board would like to discuss this matter further and chooses to set a higher price as a goal, the Board can do that as the business plan allows for flexibility. There is no set number in the language at the request of the USDA to avoid issues such as price fixing.

Robert Jackson, CAC Board Member asked if there is any historical metrics to evaluate what if any premium California fruit is getting over Mexican fruit. Mr. Melban replied yes, every year this information is reviewed and there is a price differential graph that is provided to the Board on the CAC Dashboard.

Wayne Brydon, Del Rey Avocado commented that the premium is developed by the consumer wanting the California avocados over Mexican avocados because it has a better shelf life, better quality, and better texture. Consumers are the ones that then create the premium for us with the demand.

John Berns, CAC Board Alternate Member, commented that growers want to see the correlation between the marketing assessment, the marketing budget, and the price differential/premium price. Mr. Berns asked that this data be published regularly in the Grove and in the Greensheet, and presented at Board meetings.

Tracking Study Key Takeaways – Item 9.d.

Marji Morrow from Rockwell Morrow presented the 2023 Tracking Research information to the Board. Ms. Morrow informed the Board that CAC has been using the tracking study for decades and is usually updated annually. She shared that the total sample for the western markets was over a thousand, so this is a big statistically significant study.

The tracking survey shows that the awareness of California avocados in social media has been steadily increasing since 2021 with a big jump in 2023. The value perception shows that California avocados are more likely than Mexican avocados to be described as quality and paying more for, even though California avocados are more expensive. There is interest with consumers in sustainability with the fact that California avocados being sustainably grown is extremely or very important to the consumers. The top interests of consumers on sustainability are environmentally friendly farming practices, ensuring worker safety and wellbeing, ethically sourced, and locally grown results in fewer carbon emissions.

The key takeaways are that California is still number one in several key measures, continues to be the preferred region, and seen as the best in terms of quality, best tasting, freshest, and most premium.

The <u>2023-24 Marketing Update</u> presentation is attached to the permanent copy of these Minutes and identified as EXHIBIT D.

ITEM #10 INDUSTRY AFFAIRS REPORT

Ken Melban, CAC VP of Industry Affairs and Operations informed the Board that he had a few quick items. CAC was successful in petitioning the USDA on the Oriental fruit fly which has been quarantined currently in San Bernadino and Riverside Counties. Hass avocados were listed as a host which would have required treatments of the trees. Based on the Mediterranean fruit fly and Mexican fruit fly, CAC was able to work with the USDA that the information was not consistent and ultimately determined that Hass was not a host for the Oriental fruit fly and the Queensland fruit fly. Jessica Hunter, CAC Board Member asked if GEM and Lamb Hass were affected. Mr. Melban stated CAC is working with USDA to have those varieties changed to nonhost also but it is not an easy process.

Mr. Melban informed the Board of the effort underway with the LA Region Water Control Board regarding protocol issues that would be impactful to our growers. CAC is part of a coalition supporting the effort to move this through the courts with the assistance of George Soares' colleagues and he will keep the Board posted as it continues to unfold. Jason Cole, CAC Chairman elaborated that they are trying to change the conditional waiver, setting new discharge thresholds. He commented that because they are not coming to the table with any compromise, we are preparing for a potential legal battle.

Mr. Melban wanted to follow up on the brief conversation on price differential. Rob Grether, CAC Board Member had gone back and reviewed the 2020 winter edition of From the Grove from our previous president, Tom Bellamore, showing a thorough review of the price differentials and price points. Mr. Melban stated that CAC is hearing the comments from the Board about the price, and we will put the updated information out there whether it is positive, negative or neutral.

ITEM #11 – CLOSED SESSION REGARDING THE APPOINTMENT, EMPLOYMENT, EVALUATION OF PERFORMANCE, OR DISMISSAL OF AN EMPLOYEE PURSUANT TO CALIFORNIA GOVERNMENT CODE SECTION 11126(a)

<u>The Board may go into closed session to discuss and make recommendations regarding</u> appointment, employment, or dismissal of an employee – Item 11.a

Mr. Cole convened a Closed Session of board members, alternates, legal counsel, and the CDFA representative at 12:05 p.m.

<u>Return to open session and announce action taken in closed session, if any – Item 11.b.</u> Mr. Cole returned to open session at 12:39 p.m. In closed session, the Board took action to recognize that Ken Melban, as Vice President of Industry Affairs and Operations, and Terry Splane, as Vice President of Marketing, effective November 16, 2023, will jointly serve as coexecutive leaders of the California Avocado Commission.

ADJOURN MEETING

Mr. Cole adjourned the meeting at 12:42 p.m. The next regularly scheduled Board meeting will be held on February 22, 2024.

Respectfully submitted,

Stacia Kierulff, CAC Human Resource Manager

I certify that the above is a true statement of the Minutes of November 16, 2023 approved by the CAC Board of Directors on February 22, 2024.

ITEM #1 CALL TO ORDER

Roll Call/Quorum – Item 1.a.

Jason Cole, CAC Chairman, called the meeting to order at 2:04 p.m. with a quorum present.

Introductions – Item 1.b.

April Aymami, CAC Director of Industry Affairs and Operations, announced the California Department of Food and Agriculture (CDFA) and US Department of Agriculture (USDA) representatives, CAC Legal Counsel, CAC staff and known guests participating in the meeting. She asked for all other guests to announce themselves and recorded all participants in attendance.

ITEM # 2 OPPORTUNITY FOR PUBLIC COMMENT

Robert Jackson, CAC Board Member, commented that he received remarks from two growers in his district to have Board meetings in the south so that they can attend in-person. He also commented on the status of the proposed change to the Code of Conduct adopted November 16, 2023. This will be added to the next Board meeting agenda in August to be discussed.

Joanne Robles-Swanson from Avocado Growers of California (AGC) commented on understanding how it appears that Mexico is paid more for their fruit than California. She provided a written statement of her full remarks to be included in the meeting minutes.

Public Comment Written Statements – Joanne Robles-Swanson is attached to the permanent copy of these Minutes and identified as EXHIBIT A, Item 2.

ITEM #3 INDUSTRY STRATEGIC INTENT 2025

What is the purpose of CAC – Item 3.a.

Mr. Cole commented that the Industry Strategic Intent 2025 document is a working document that was adopted several years ago. Mr. Cole said while getting ready for strategic planning, he thought it would be a good opportunity for the Board to read this document and share opinions. He said this document is not going to be rewritten at today's meeting, it was intended only to get the Board started in strategic planning.

The Board discussed the Industry Strategic Intent 2025 document and thoughts on the listed objectives and strategies.

The Industry Strategic Intent 2025 is included in the June 5, 2024 Board Packet and is attached to the permanent copy of these Minutes and identified as EXHIBIT B, Item 3.a.

ITEM #4 GOVERANCE COMMITTEE REPORT

Rachael Laenen, CAC Vice Chairman, and Governance Committee chair, commented that the June Board packet includes the full CAC law with the language updates that the Governance Committee is proposing.

<u>CAC assessment rate structure – Item 4.a.</u>

Ms. Laenen commented on item 67101 under Article 6. Assessments and Records and identified this section in the Board packet as item 4.d-12. She commented that when CAC is setting the budget, there are two variables that we are trying to estimate: crop size and average price per pound. She said in the last two years, we have missed significantly. The recommendation from the Governance Committee is to add the clarifying language of "as a fixed rate or a percentage of value" with the idea that we would eventually move to a fixed rate assessment. A fixed rate assessment would eliminate one of the variables so that CAC will no longer have to predict the price per pound for the following year and give growers some certainty on the assessment rate.

The Board discussed the clarifying language and thoughts on the fixed rate assessment versus percentage of value. Mr. Cole explained that the Board is not making any decisions on the assessment rate today, but that thepurpose is to cleanup and clarify the language of the law.

MOTION:

The CAC Board of Directors moves to approve a change to the CAC law language in section 67101 as a fixed rate or a percentage of gross dollar value. (Jackson/Hunter) MSC Unanimous

MOTION 24-6-5-1

Definition of producer – Item 4.b.

Ms. Laenen commented on item 67039 under Article 2. Definitions and identified this section in the Board packet as item 4.d-4. She mentioned there was a lively discussion on this item at the Governance Committee on this item as there are many factors that go into the definition. Ms. Laenen said there was discussion on if we can further limit the definition of a producer to exclude anyone that has financial interest in a packer? She said there is clear indication from CDFA that excluding assessment paying growers from eligibility to run for a Board seat would be problematic. The Governance Committee was proposing adding this language to this section "or a greater amount as may be established by a two-thirds vote of the commission". This was added with the idea that this would give the Board the option to raise the threshold if needed. Ms. Laenen mentioned that the Board is not setting a threshold today but giving the Board flexibility for the future.

Ben Kardokus, *CDFA* commented that he has reviewed this language and discussed with his superiors at CDFA. Mr. Kardokus clarified that CDFA is ok with the Board having the authority to raise the threshold, however, they do not believe the Board should have the power to subsequently lower the threshold. The reasoning is once the average is raised and then the Board wants to lower it later, CAC will be then assessing producers that were not assessed the prior year.

John Berns, CAC Board Alternate commented that language should be added to this item pertaining to members having the right to vote and run for a Board seat.

Rob Grether, CAC Board Member commented that the Board should be cognizant of the risk in bringing forward a change to the law. Mr. Grether commented that he is in favor of language stating Board discretion as opposed to a change in the law.

Robert Jackson, CAC Board Member commented that the definition of a producer is tied to the Board composition. Mr. Jackson commented that seventy-three percent of California avocado growers produce less than fifty thousand pounds per year so if the Board adopted this definition of a producer, we will be disenfranchising seventy-three percent of California avocado growers.

Ms. Laenen commented that the number one thing that the Governance Committee agreed upon is that they do not want to send anything to Sacramento that is going to be contentious and is not unanimous.

The Board continued to discuss the definition of a producer. Mr. Cole clarified that the Board is not planning on raising the threshold at this time. He stated that there is really nothing that prohibits anyone to run for the Board. The growers in their districts vote for their representatives, perceived conflict or not, the districts vote for the person they want to represent them and are reviewed by the CDFA, not CAC.

Board composition – Item 4.c.

Ms. Laenen commented that the discussion on this item 67051 under Article 3. The California Avocado Commission and identified this section in the Board packet as item 4.d-5. was based around the handler seats on the Board and the concern about handler influence. The proposed change to the language was "eliminated the two avocado handlers on a statewide basis" and add "The Commission may appoint one or more handlers as ex officio members.". Ms. Laenen commented that there the consensus on the value that the handlers bring to the Board is good and necessary.

The Board continued to discuss the Board composition regarding the pros and cons of handler seats on the Board, thoughts on the proposed language, and attracting handlers to the Board seats.

MOTION:

The CAC Board of Directors moves to accept the language changes to the CAC law excluding 67039, 67051, and 67054 as presented. (Jackson/Araiza) MSC Unanimous

The <u>California Avocado Commission Law Draft 5/7/24</u> is included in the June 5, 2024 Board Packet and is attached to the permanent copy of these Minutes and identified as EXHIBIT C, Item 4.a.-4.c.

ITEM #5 MARKETING COMMITTEE STRUCTURE

Mr. Cole said the Marketing Committee was paused to review how to ensure there is value for the Committee and its members. The CAC Bylaws pertaining to the Marketing Committee were placed on the screen for the Board to reference and are as follows:

"3. Marketing Committee. The Marketing Committee shall advise Commission personnel, Commission committees and others on avocado packing, handling, distribution and marketing issues impacting on the Commission. These issues may include input regarding wholesalers, distributors, retailers, exporters, and foodservice operators. Additionally, the committee shall provide input on trade advertising and publicity programs, foodservice programs and foreign export. The committee shall also provide input to the Commission personnel concerning the annual crop estimate. The Marketing Committee shall consist of a minimum of four (4) members, each of which represent a separate AMRIC Handler. In the event that the Marketing Committee does not include any seated members of the Commission, the committee shall select one member of the committee who shall serve as a nonvoting ex-officio member of the Commission."

Terry Splane, CAC VP of Marketing said the marketing team sent out a survey to assess the value of the Marketing Committee and the number one value was forecasting. Mr. Splane commented that he doesn't believe that a committee is needed to discuss forecasting. He also commented that he does not think CAC need handlers telling the marketing team how they should be marketing because handlers don't market fruit to consumers.

Peter Shore, CAC Handler Member commented that handlers need to be in step with CAC marketing and knowing exactly when to push the promotions with the retailers, especially due to the short California season window.

Mr. Splane agreed with Mr. Shore's comments and informed the Board that he had valuable conversations with handlers in March and he plans on having further conversations with handlers in July.

Victor Araiza, CAC Board Member commented that the Marketing Committee should be inviting not only handlers but Board members to allow open dialog for more communication.

The Board continued to discuss the Marketing Committee value. Mr. Cole commented that this item is open ended, and the Board does not need to make any decisions or change the Bylaws. Mr. Cole wanted to present this to the Board and explain why the Marketing Committee is paused. He wanted to make it clear that the Marketing Committee is a place to share ideas, not to direct Mr. Splane and his marketing team.

April Aymami, CAC Industry Affairs and Operations Director commented that the Marketing Committee is a committee of the Board. There are no committees, except for the Executive Committee, that directs CAC staff. The Marketing Committee is structured to create the value for the Board.

ITEM #6 MARKETING

Where are we today? - Item 6.a.

Mr. Splane commented that the marketing team has created the 2024 Consumer Campaign highlighting actionable assets for the media channels. This showcases what the campaign looks like and what the marketing team is working on.

Zac Benedict, CAC Marketing Director presented that they have repositioned the campaign this season and focused on what makes California avocados so special: growers, connection to California, local and fresh, and sustainability.

Lori Small, CAC Marketing Manager presented the PR plan focusing on the hyper local market approach and integrating with our retail partners.

The marketing team fielded questions from the Board on the retailer response to the bins and requests for demo days with growers in store.

Will Carleton, CAC Board Member commented that CAC marketing should call out the health benefits of avocados as a key point among locally grown and sustainability as part of the campaign. Mr. Cole replied to Mr. Carleton that all avocados are healthy, not just California avocados, and the Hass Avocado Board is already spending the funds to market this topic. Mr. Cole commented that CAC would then be spending growers' dollars on health instead of dollars designed to market the differentiation of California fruit.

Targeted Retailer Penetration – Item 6.b.

Mr. Splane commented that we are strategically targeting retailers that fit well with our brand. He said in thinking about retailers and how to target them, we are looking at pricing index, chain size/region, loyalty, handler alignment, collaborative, and RMD intel. The Board continued to discuss the retail marging, pricing, and volume moved through the retail

The Board continued to discuss the retail margins, pricing, and volume moved through the retail locations.

Looking into next year – Item 6.c.

Mr. Splane reported he has heard from growers concerns on the in-store displays and some inconsistencies with fruit from other countries in California bins. Mr. Splane reported the marketing team is setting up 'Mystery Shopper' audits in-stores to gain fact-based insights on our promotions. CAC is partnering with a company called Field Agent to provide the mystery shopper audits.

Mr. Splane commented on the key strategic issues and the marketing team is in the middle of their planning process leading into next year looking at our strengths and weaknesses. He said we are working on sustainability and what that means for consumer awareness.

The Board continued to discuss strategic issues, packaging strategies, and how to be more consistent on messaging.

The <u>2024 Consumer Campaign</u> is attached to the permanent copy of these Minutes and identified as EXHIBIT D.

ADJOURN MEETING

Mr. Cole adjourned the meeting at 5:29 p.m. The next regularly scheduled Board meeting will be held on August 15, 2024.

ITEM #1 CALL TO ORDER

Roll Call/Quorum – Item 1.a.

Jason Cole, CAC chairman, called the meeting to order at 8:00 a.m. with a quorum present.

Introductions – Item 1.b.

April Aymami, CAC director of industry affairs and operations, announced the California Department of Food and Agriculture (CDFA) and US Department of Agriculture (USDA) representatives, CAC Legal Counsel, CAC staff and known guests participating in the meeting.

ITEM # 2 OPPORTUNITY FOR PUBLIC COMMENT

Mr. Cole said he received an email the night prior from Duane Urquhart addressed to Mr. Cole and the CAC Board that he read to the Board.

<u>Public Comment Written Statements – Duane Urquhart</u> is attached to the permanent copy of these Minutes and identified as EXHIBIT A.2.

ITEM #3 CONSENT CALENDAR

Mr. Cole introduced the consent calendar items and asked for questions or comments. With no comments on the consent calendar items, the following motion was put forward:

MOTION:

The CAC Board of Directors approves the Consent Calendar, Items 3.a through 3.d as presented.

(Jackson/Karaoghlanian) MSC Unanimous

MOTION 24-6-6-1

The Consent Calendar is included in the June Board Packet and is attached to the permanent copy of these Minutes and identified as EXHIBIT B, Items 3.a through 3.d.

ITEM #4 CONSIDER APPOINTMENT OF PRODUCER MEMBER TO FILL EXISTING VACANCY FOR TERM ENDING OCTOBER 31,2024

Mr. Cole reported there are five candidates who submitted nomination documents for the District 2 producer member vacancy and asked how the Board would like to proceed with the voting process.

Rob Grether, CAC Board Member suggested the Board verify an election structure for this appointment as the Board will be making a motion on this item. Mr. Grether commented that in the past, we have used a paper vote with each Board member writing down the candidate of their choice. If a candidate receives the majority of the votes, they are elected but if there is not a majority vote for a candidate, the candidate with the lowest number of votes would be eliminated from that round of voting and the vote is repeated.

Ben Kardokus, CDFA representative agreed with Mr. Grether's voting suggestion.

MOTION:

For the vacant Producer member seat in district 2, the board shall appoint the candidate supported by a majority of the board in an election using the exhaustive ballot method, wherein if in a round of voting no candidate receives the majority of the votes, the candidate who has received the fewest number of votes shall be eliminated and the process shall be repeated. (Laenen/Miller) MSC Unanimous

MOTION 24-6-6-2

District 2 Producer Member – Item 4.a.

Mr. Cole then ran through the list of candidates listed on the agenda for the District 2 producer seat and allowed attending candidates to introduce themselves. For the candidates that were not attending in-person, Mr. Cole reminded the Board that the candidate statement of were listed in the Board packet, Item 4.a.

The election of District 2 candidates resulted in Mr. Karaoghlanian being declared the winner with six votes; Mr. Haskett received three votes and Mr. Moslewko received one vote. **MOTION 23-6-6-3**

The District 2 Candidate Statements and Disclosure Forms are included in the June 2024 Board Packet and are attached to the permanent copy of these Minutes and identified as EXHIBIT B, Item 4.a.

ITEM #5 CONSIDER APPOINTMENT OF HANDLER MEMBER AND HANDLER ALTERNATE TO FILL EXISTING VACANCIES FOR TERMS ENDING OCTOBER 31, 2024 AND OCTOBER 31, 2025

Handler Member – Item 5.a.

Mr. Cole asked if there are any handler members that are interested in serving. Ken Melban, CAC vice president of industry affairs and operations, replied to Mr. Cole's question stating John Dmytriw with Index Fresh has submitted his application for the handler member seat.

Mr. Cole then asked if there were any other nominations from the Board for the handler member seat and there were no other nominations.

Handler Alternate Member – Item 5.b.

Mr. Cole asked Mr. Melban if there were any applications received by CAC for interest in the handler alternate member seat. Mr. Melban replied that CAC has not received any applications for this seat.

Mr. Cole then asked if there were any nominations from the Board for the handler alternate member seat and there were no nominations.

MOTION:

The CAC Board of Directors moves to appoint John Dmytriw as handler member with term ending October 31, 2024.

MOTION 24-6-6-4

ITEM #6 TREASURER'S REPORT

Report on May 15, 2024 Finance Committee meeting – Item 6.a.

Maureen Cottingham, CAC Board treasurer, reported the Finance Committee met on May 15th and discussed the 2023-2024 financial updates, cash disbursement audit, corporate insurance policies, approval of the budget amendment #1 that is listed in the Board packet and the revision of the internal control policies. Ms. Cottingham stated that in reviewing these items, there were no issues or concerns.

2023-24 Crop update and financial implications – Item 6.b.

Mr. Cole said with more fruit than expected CAC will receive more revenue than budgeted. He noted that management was prepared to present their plan for utilizing additional revenue as part of a volume absorption plan, which would be discussed as part of budget amendment #1, in addition to a request from the Production Research Committee for a new online irrigation tool.

Consider approval of Budget Amendment #1 – Item 6.c.

Mr. Cole said budget amendment #1 is located in the Board packet Item 6.c for Board members to review.

Terry Splane, CAC vice president of Marketing discussed the marketing volume absorption plan, requesting an additional \$800,000 be allocated by the Board to drive more demand with the increased volume. He presented the investment strategies, investment impact, and incremental investment. Mr. Splane also discussed the targeted retailers and projected investment levels.

Mr. Splane stated the next step is for the Retail Marketing Directors to be engaged with the handlers, working hand-in-hand with the accounts to make sure there are supply chain resources.

Mr. Cole commented that we have changed CAC as an organization, shrunk the budget, and right sized the marketing strategy so he believes the next step is to work on figuring out the assessment rate to match the dollars CAC is spending instead of the guessing game we have been playing for many years.

Ms. Aymami commented that the budget cuts were a good exercise for the organization and allowed CAC to take a look at what is valuable for the marketing program. The market is doing well right now so, as CAC management, we want to be prepared to support and continue to maintain the market conditions.

Mr. Cole shifted to the Production Research Committee since the Board was discussing the budget amendment and asked Danny Klittich, PRC chairman, and Dr. Tim Spann, CAC research program consultant, to speak on the PRC budget item.

Dr. Spann discussed adapting a user-friendly online irrigation calculator for avocados. Dr. Spann placed the online irrigation calculator slide on the screen and said there are significant improvements in water use efficiency that can be achieved with increased adoption of datadriven irrigation decision frameworks, therefore the online irrigation calculator was developed.

Mr. Klittich summarized the online irrigation calculator commenting that the takeaway is simplistic. It may not be completely accurate, but it will be easy to use and close enough for most growers. The next step is to receive feedback from growers using the calculator to improve it. The downside is that it is only functional within Ventura County for the moment but there are plans to roll it out for more counties as more support is gained.

The <u>Marketing Volume Absorption Plan</u> slides are attached to the permanent copy of these Minutes and identified as EXHIBIT C.

The <u>Online Irrigation Calculator</u> slide is attached to the permanent copy of these Minutes and identified as EXHIBIT D.

The <u>Budget Amendment #1</u> is included in the June 2024 Board Packet and is attached to the permanent copy of these Minutes and identified as EXHIBIT B, Items 6.c.

ITEM #8 INDUSTRY AFFAIRS/OPERATIONS

Mr. Melban provided an update reported on activities for industry affairs and operations.

Mr. Cole spoke on list item #15 Florida Tomato Committee regarding the suspension agreement. The call to the Committee was to learn more specifics on the agreement. There were dumping claims against Mexico and a suspension agreement was put in place in 1996. This was supposed to set the price floor and some avocado growers thought this could be something that avocados could pursue. Mr. Cole reported that in speaking with the Committee, CAC learned the agreement was no longer supported by the Committee and in fact was not working as they had intended. Indicating it would not be viable pathway for California avocados.

Mr. Melban reported on item #17 grower survey, indicating a total of 45 surveys were received. representing less than 2 percent of the 2800 growers. John Berns, CAC Board Alternate asked for the survey results, and Mr. Melban said the information is not statically significant but would be provided upon request.

Mr. Melban commented on list items #19 and #23 USDA/USTR fruit & vegetable ATAC meetings. This is Mr. Melban's third appointment with the committee and the committee is made up of representatives across the United States of fruit and vegetable commodity groups. Along with the Secretary of Ag and the Trade Ambassador, the committee collectively voices the pressures that our producers are facing. The question was asked what ATAC is and its purpose. Mr. Melban stated ATAC is the Agricultural Technical Advisory Committee for fruits and vegetables. This committee is an advisory committee to the Secretary of Ag and the Trade Ambassador with the purpose of discussing trade agreements.

Mr. Melban commented on list item #18 USDA and APHIS executive director call regarding Guatemala PRA and less restrictive work plans vs. Mexico. The Mexico workplan has more

onerous requirements than typical work plans and includes USDA employed Mexican nationals responsible to conduct the inspections. The question was raised on why the other work plans aren't modeled after the same level of involvement and oversight. Mr. Melban said there was already a recommendation by the Mexican Embassy to revise the Mexico work plan and remove the requirement for the USDA employed inspectors for safety risks.

Mr. Melban said on list item #20 additional GEM PLU's that CAC is involved in at the behest of our growers. There is one GEM PLU now that was created four years ago and there has been interest from packers/growers to have two more PLU's added that would mirror the Hass PLU. No status on this item currently.

Mr. Melban commented on list item #26 regarding the fruit flies that CAC was able to successfully get Hass removed as a host from the quarantine list late last year. CAC then started working on removing GEM as a host as well, but this will take time.

The Board continued to discuss the fruit fly situation for GEM's and Mr. Cole commented that he believes that GEM will eventually be removed from the quarantine list.

The <u>CAC Operations/Industry Affairs Update</u> is attached to the permanent copy of these Minutes and identified as EXHIBIT E.

ITEM #9 PRODUCTION RESEARCH

Dr. Spann said Westfalia had done an internal study on GEM and they shared the data on the oriental fruit fly on GEM with CAC. This data was shared with the USDA but because it was not a peer reviewed and published in a journal, they did not accept it. Dr. Spann commented that the USDA has a facility in Hilo, HI where the oriental fruit fly is widespread throughout the island. Peter Follett, USDA at this HI facility is working on this data, and he believes avocados on the tree are not a host for the fruit fly. However, further research is needed by USDA with specific data for each avocado variety.

Dr. Spann reported the PRC has met twice this year and is in the process of redesigning priorities and goals. PRC has put together a list of topics of pests, disease, virus, etc. that the PRC can then request for proposals for research projects on the top priorities.

Mr. Klittich said that PRC has put together a list of topics to drive more engagement with the research community that we find relevant to the industry and not just things that are of personal interest to the researcher. The goal is to move the industry forward with new relevant research.

ITEM #7 Board Strategic Review

<u>Board discussion of June 5, 2024 Session-Key Learnings, Changes, New Ideas – Item 7.a.</u> Mr. Cole said in the Board discussions the prior day, action was already taken but he asked the Board if there was anything further to discuss.

Rachael Laenen, CAC vice chair, suggested for the Marketing Committee a subset of Board members and other industry people as part of the committee for a chance to work closer with Mr. Splane. Ms. Laenen said this would allow for more detail on the marketing programs with the purpose of bringing this information back into the Board room for a deeper understanding of the programs for all.

Jessica Hunter, CAC Board Member said it's valuable for the retail marketing directors for the retail side and Kim Kurata for the food service side to become as intimately involved with buyers as possible. Mr. Splane replied that his team is engaging with the retail and foodservices industries, and he thinks it is working. Ms. Hunter gave positive feedback from CAC food service

contacting Del Rey to work together once the avocado season had started and the CAC team responded quickly to get the program bumped up several weeks to capitalize on the fruit being ready at that time.

Mr. Splane said the main question for marketing is how we directly add value and elevate pricing for growers in a positive way. He also commented that every year, the team looks at how the work enables next year's planning and investment levels to provide a greater impact.

Victor Araiza, CAC Board Member commented that the marketing team being transparent makes it easier for the Board to understand why marketing is asking for more funds and why marketing is invested in certain programs.

The Board continued to discuss the Marketing Committee structure and thoughts on the value the committee brings to the Board. There were positive comments by the Board regarding the marketing 2024 Consumer Campaign.

Will Carleton, CAC Board Member said he understands the Board is not responsible for micromanaging the CAC staff, however, the Board is responsible for guidelines for CAC staff. Mr. Carleton proposed a guideline for CAC staff to create a monthly schedule in which twenty percent of the working time of all staff will physically be in the CAC office. For example, all staff work physically at the CAC office once a week. He commented that the advantage of this would be synergy, being able to talk through ideas in-person. Mr. Carlton commented that he would like the Board to make a motion on this item.

Mr. Cole said the Board cannot take action for a motion on this item because it is not on the meeting agenda.

Mr. Grether reminded the Board that they are responsible for managing the CAC management and if we have a strong feeling about how productive CAC staff is working remote or working in the office, coming together to be more creative, the right path under our current structure is for this recommendation to be taken up by the Executive Committee and collaborate with the CAC Co-Leadership to make a final recommendation and bring to the Board.

Ohannes Karaoghlanian, CAC Board Member commented that if the CAC office is not being utilized, when the time comes for the office lease renewal, there should be consideration on downsizing the office.

Mr. Melban said he appreciates the perspectives raised by Mr. Carleton, Mr. Grether and Mr. Karaoghlanian. He said staff will meet to discuss and he will report back to Chair Cole

Mr. Grether asked to bring the topic back to marketing. He said the Marketing Committee is valuable for this Board, adding the value would be to meet more frequently, dig deeper and ask more detailed questions that do not take up all the Board's time. Mr. Grether suggested starting with a small committee structure. Mr. Splane agreed with Mr. Grether and likes the crawl, walk, run methodology to see how it evolves.

Mr. Cole wanted to summarize the Marketing Committee thoughts and asked if the Board would like to keep the Marketing Committee paused or call a meeting. Mr. Splane said his thought is to first figure out committee criteria, then he would be comfortable unpausing the committee.

Mr. Melban suggested the Chairman send out an email to the current Marketing Committee members asking if they would still like to remain as a member of the committee along with members of the Board that are interested in being a part of the committee.

Mr. Grether commented that sometime between now and August, his recommendation would be to convene the Marketing Committee to talk about current process and do some current year to crop and marketing execution business but carve out time to receive feedback on how we should move forward with this committee.

Ben Kardokus, CDFA commented on other commodity committees such as the Walnut and Rice Commissions. He said these commodities have high level committees. Mr. Kardokus noticed that there seems to be two different committee models, Committee driven and Board driven.

Vickie Carpenter, USDA commented that she is aware of other Boards that have their committees similar to CAC where the committees discuss the inner workings and report during the Board meetings on what was discussed. If there are any committee actions, they go to the full Board to make the decision.

Mr. Cole asked if there were any further questions or comments and there were none.

ADJOURN MEETING

Mr. Cole adjourned the meeting at 11:08 a.m. The next regularly scheduled Board meeting will be held on August 15, 2024.

MONTHLY REPORT

April 2024

EXECUTIVE SUMMARY

CAC Total Revenue has exceeded budget by \$95K year-to-date due to larger than expected Year-to-Date Assessment Revenue. Although the timing of the harvest had been slightly delayed, 51.7 lbs were harvested in April alone. CAC and HAB Assessment revenue exceeded budget by \$91K and \$96K, respectively. Pine Tree Ranch Crop revenue, however, is down \$75K to plan.

On the expense side, Marketing expenses accounted for \$1.9M of the total \$3.6M in expenses and were \$457K lower than budget due to lower Consumer Marketing costs of \$378K. Marketing expenses overall are currently 52% of total expenses vs. a budget of 56%.

Total Operations expenses at \$1.4M year-to-date consist mainly of Personnel expenses of \$868K and were under budget by \$44K. Operations accounted for 38% of total spending vs. a budget of 35%.

Industry Affairs & Production Research expenses of \$310K were under the budget by \$63K due to lower than expected Grower Communication costs (\$38K), Travel (\$10K), and Industry Statistics and Information costs (\$8K). These were offset by an increase in Legal Support (\$15K). Industry Affairs & Production Research accounted for 8.6% of total spending vs. a budget of 9%.

Overall, the organization experienced a \$538K deficit as compared to a \$1.2M budgeted deficit. This \$613K favorable variance was driven primarily by lower than expected consumer Marketing costs. The total cash balance is \$4.5M.

Crop Information

For the period of November 2023 through March 2024, CAC assessment reports indicate 21.5M pounds of California avocados (all varieties) were harvested at an average price per pound of \$1.227. Approximately 51.7M pounds were reported to AMRIC as harvested in April 2024 with an estimated average price per pound of \$1.355. This would bring the total estimated harvested through April 2024 to 73.2M pounds at an average price per pound of \$1.318.

Item 3.d-11

California Avocado Commission

MONTHLY REPORT

May 2024

EXECUTIVE SUMMARY

CAC Total Revenue has exceeded budget by \$1.3M year-to-date due to larger than expected Year-to-Date Assessment Revenue. Although the timing of the harvest had been slightly delayed, it has exceeded expectations with 67.9M lbs harvested in May alone. CAC and HAB Assessment revenue exceeded budget by \$1.1M and \$301K, respectively. Pine Tree Ranch Crop revenue, however, is down \$40K to plan due to the timing of the harvest.

On the expense side, Marketing expenses accounted for \$2.7M of the total \$4.7M in expenses and were \$519K lower than budget due to lower Consumer Marketing costs of \$462K. Marketing expenses overall are currently 56% of total expenses vs. a budget of 60%.

Total Operations expenses at \$1.6M year-to-date consist mainly of Personnel expenses of \$1M and were under budget by \$112K. Operations accounted for 33% of total spending vs. a budget of 32%.

Industry Affairs & Production Research expenses of \$366K were under the budget by \$66K due to lower than expected Grower Communication costs (\$44K), Travel (\$13K), and Industry Statistics and Information costs (\$10K). Industry Affairs & Production Research accounted for 7.7% of total spending vs. a budget of 8.2%.

Overall, the organization experienced a \$1.35M surplus as compared to a \$528K budgeted deficit. This \$1.88M variance is driven by larger than expected harvest driving \$1.3M in additional assessment revenue. That combined with the lower than expected Consumer Marketing costs is producing favorable financial results overall. At 5.31.24 the total cash balance is \$5.5M.

Crop Information

For the period of November 2023 through April 2024, CAC assessment reports indicate 72.2M pounds of California avocados (all varieties) were harvested at an average price per pound of \$1.264. Approximately 67.9M pounds were reported to AMRIC as harvested in May 2024 with an estimated average price per pound of \$1.296. This would bring the total estimated harvested through May 2024 to 140M pounds at an average price per pound of \$1.28.

California Avocado Commission

MONTHLY REPORT

June 2024

EXECUTIVE SUMMARY

CAC Total Revenue has exceeded budget by \$2.8M year-to-date due to larger than expected Year-to-Date Assessment Revenue. Although the timing of the harvest had been slightly delayed, it has exceeded expectations with 72.6M lbs harvested in June alone. CAC and HAB Assessment revenue exceeded budget by \$1.7M and \$1M, respectively. Pine Tree Ranch Crop revenue has also exceeded budget by \$47K.

On the expense side, Marketing expenses accounted for \$3.4M of the total \$5.7M in expenses and were \$731K lower than budget due to lower Consumer Marketing costs of \$417K and Retail & Consumer Promotions of \$308K. Marketing expenses overall are currently 59% of total expenses vs. a budget of 63%.

Total Operations expenses at \$1.8M year-to-date consist mainly of Personnel expenses of \$1.2M and were under budget by \$43K. Operations accounted for 31% of total spending vs. a budget of 29%.

Industry Affairs expenses of \$426K were under the budget by \$54K due to lower than expected Grower Communication costs (\$31K), Travel (\$11K), and Industry Statistics and Information costs (\$11K). Industry Affairs accounted for 7.4% of total spending vs. a budget of 7.3%.

Overall, the organization experienced a \$3.6M surplus as compared to a \$17K budgeted surplus. This \$3.6M variance is driven by the larger than expected harvest, at a higher value than budgeted, driving \$2.8M in additional assessment revenue. That combined with the lower than expected Consumer Marketing costs is producing favorable financial results overall. At June 30, 2024 the total cash balance is \$6.9M.

Crop Information

For the period of November 2023 through May 2024, CAC assessment reports indicate 140.1M pounds of California avocados (all varieties) were harvested at an average price per pound of \$1.26. Approximately 72.6M pounds were reported to AMRIC as harvested in June 2024 with an estimated average price per pound of \$1.49. This would bring the total estimated harvested through June 2024 to 212.7M pounds at an average price per pound of \$1.34.

ITEM 3.e: Adopt resolutions to modify trustees of CAC 401 and 457 plans

SUMMARY:

As part of its employee benefit package, the Commission has a 401(a) profit-sharing plan and 457(b) deferred compensation plan, assets of which are held in trusts overseen by designated trustees. Previously the trustees have been the CAC Board Treasurer, the President and the Vice President of Finance and Administration. Under the Commission's current management structure, Musick, Peeler & Garrett LLP, CAC's legal counsel, has prepared the following resolutions to allow CAC to appoint trustees:

- **3.e.i Resolution to amend Section 10.01 of 401 plan** This amends the 401 plan to refer to anyone appointed to serve solely by reason of an office held, such as the CAC Board Treasurer.
- **3.e.ii Resolution to amend Section 10.01 of 457 plan** This amends the 457 plan to refer to anyone appointed to serve solely by reason of an office held, such as the CAC Board Treasurer.
- 3.e.iii and 3.e.iiii Resolution affirming that the Commission's Treasurer is designated as an automatic appointment as Trustee and Resolution appointing two named CAC staff as Trustees – This removes all existing trustees of the 401 and 457 plans and authorizes the appointment of Ken Melban and April Aymami (by name) and the CAC Board Treasurer (by position).

ITEM 4: Consider appointment of producer alternate member to fill existing District 2 vacancy for term ending October 31, 2024

SUMMARY:

There currently exists a District 2 producer alternate member vacancy on the CAC Board for the term ending October 31, 2024. This vacancy is the result of previous District 2 alternate member Ohannes Karaoghlanian being appointed to fill a District 2 member vacancy at the June 2024 Board meeting. The Commission announced the District 2 producer alternate member vacancy in July 2024, and at the time this item was prepared CAC has received nomination documents for the following individuals:

- Rex Kenyon
- Tina Wolfred

Board vacancies, for both member and alternate seats, are filled by a majority vote of the Commission (Election Procedures, Section VII, A), with appointment being conducted at a regularly scheduled meeting as soon as practicable after the vacancy occurs (Election Procedures, Section VII, B). Nominations for appointment to a vacant seat may be solicited by the Commission prior to the meeting at which the appointment will take place and from the floor at the meeting (Section VII, B). Nominees must meet the qualifications set forth in Section IV of the Election Procedures.

While CAC has solicited nominations for the District 2 producer alternate member vacancy prior to the August Board meeting, nominations will also be accepted from the floor at the upcoming meeting. Note that nominees have the option to be present during the vote to fill the vacant seat and voting may <u>not</u> be conducted by secret ballot (Election Procedures, Section VII, C).

Our family purchased Rocky Top Ranch in DeLuz in the late summer of 2015. The existing orchard was in severe neglect and decline. We stumped the orchard in late 2015, and began planting new trees in 2016 through 2019. Our parcel is 20 acres, and we have roughly 19 acres planted with new trees.

We have a grove manager, but the family spends several hours a day working in the orchard.

I hope to better capture and share the benefits of CAC membership to growers in similar situations to mine. Currently I do not see any benefit to me as a grower for the fees that I am required to pay....so better communicating the benefits generated by CAC will improve the perception of the organization by supporting growers.

I declare under penalty of perjury that the foregoing is a complete, true and correct explanation of my qualifications. I understand that this form shall be reproduced and included with election information mailed to eligible voters.

<u>ITEM 5</u>: Consider appointment of handler alternate to fill existing vacancy for term ending October 31, 2025

SUMMARY:

There currently exists a handler alternate member vacancy on the CAC Board for the term ending October 31, 2025. This vacancy is the result of the seat remaining unfilled at the conclusion of the 2023 CAC General Election. The Commission announced the handler alternate member vacancy in July 2024, and at the time this item was prepared CAC has received no nominations for this position.

Board vacancies, for both member and alternate seats, are filled by a majority vote of the Commission (Election Procedures, Section VII, A), with appointment being conducted at a regularly scheduled meeting as soon as practicable after the vacancy occurs (Election Procedures, Section VII, B). Nominations for appointment to a vacant seat may be solicited by the Commission prior to the meeting at which the appointment will take place and from the floor at the meeting (Section VII, B). Nominees must meet the qualifications set forth in Section IV of the Election Procedures.

While CAC has solicited nominations for the handler alternate member vacancy prior to the August Board meeting, nominations will also be accepted from the floor at the upcoming meeting. Note that nominees have the option to be present during the vote to fill the vacant seat and voting may <u>not</u> be conducted by secret ballot (Election Procedures, Section VII, C).

California Avocado Commission Code of Conduct and Ethics

I. INTRODUCTION

This Code of Conduct and Ethics (Code) applies to all Board members, Committee members, and alternates (collectively "Members") of the California Avocado Commission (CAC).

The purpose of this Code is to establish standards of conduct required of Members including, but not limited to, complying with CAC statutes, bylaws, policies and procedures.

I. RESPONSIBILITIES OF MEMBERS

- 1. Duty of Care.
 - a. Abide by this Code and ensure that they are in good standing at all times.
 - b. Comply with applicable federal, state, and local laws and regulations.
 - c. Act in good faith, in a manner reasonably believed to be in CAC's best interest, and with such care, including reasonable inquiry, as a prudent person in like position would use under similar circumstances.
 - d. Promptly report violations of this Code, including any illegal activity, to the appropriate person or persons identified in this Code. (See section VII.)
 - e. Complete accurate and timely disclosures in reports and documents.
 - f. Be informed about the activities, goals, financial condition, and the procedures under which CAC operates.
 - g. Attend meetings; volunteer for Committee assignments; participate in discussions, etc.
 - h. Comply with Board/Committee actions.
- 2. Duty of Loyalty.
 - a. Avoid Conflicts of interest (a decision in which a Member or his or her immediate family (spouse, children, parents and siblings) may benefit financially or in any other manner).
 - i. Disclose If a Member thinks they have or may have a conflict of interest on a particular agenda item, they shall disclose such belief to the Chair (of the CAC or Committee, as appropriate) to determine whether a conflict exists.
 - Abstain If a Member has a conflict, the Member shall abstain from involvement in the matter. The Chair may also instruct the Member not to participate in any related meeting or activities.

- b. Avoid Corporate opportunity/self-dealing: Members shall not profit in any way from CAC (e.g. using CAC resources for personal gain, selling product for use by CAC, etc.). Members shall not attempt to persuade any employee of CAC to leave the employment of CAC or to become employed by the Member or a related entity. Members shall not attempt to persuade exhibitors, advertisers, sponsors, suppliers, contractors, or any other person or entity with an actual or potential relationship with CAC to terminate, curtail, or not enter into a relationship with CAC or to in any way reduce the monetary or other benefits to CAC of such relationship.
- c. Confidentiality. Maintain in confidence the proprietary and confidential information of CAC unless otherwise required by law, and not utilize confidential and proprietary information of CAC for his or her personal gain or to the detriment of CAC.
- d. Duty to support.
 - i. When representing CAC, Members shall support positions taken by CAC.
 - ii. When not representing CAC, if a Member expresses an opinion that is inconsistent with positions taken by CAC, the Member shall state that the opinion is not being communicated on behalf of CAC.
- e. After Leaving Service. Upon termination of service for any reason, promptly return to CAC all documents, electronic and hard files, reference materials, and any other CAC property in their possession. Such return of materials does not abrogate the duty of confidentiality with respect to the information contained in the materials and the duty of confidentiality continues after leaving service to CAC.
- 3. Interaction with Staff. The Board shall do the following.
 - a. Select a President (or establish other appropriate leadership) who shall guide CAC in its day-to-day activities.
 - b. Use its best efforts to ensure that the President complies with all federal, state, and local employment related laws and regulations and that employees are hired, promoted, and disciplined by the President in a fair and unbiased manner in accordance with CAC's Employee Handbook.
 - c. Supervise the President and address any complaint from employees or third parties about the President's conduct, and prevent retaliation against any employee who makes a good faith complaint against the President.
 - d. Refrain from intruding on administrative issues that are the responsibility of the President or other managers, and shall abide by CAC's Communications Policy.
 - e. Treat employees courteously and professionally, and ensure a workplace free from discrimination and harassment.
- 4. Interaction among Members. Members shall do the following.
 - a. Foster an environment of respect, cooperation and collegiality and not unduly disrupt the Board from operating in an efficient and effective manner.
 - b. Treat other Members with courtesy, allow others to express their views, and respect the differing opinions of others.

- c. Not undermine or falsely impugn others. This does not preclude Members from filing or voicing a complaint against other Members.
- 5. Execution of documents:
 - a. Timely response by Members in reviewing, signing and returning documents provided by CAC is essential to remain in good standing with CAC. Following is a partial list of such documents.
 - i. Acceptance to Serve
 - ii. Policies and Procedures
 - iii. Social Media Policy
 - iv. Mandatory Ethics Orientation Training
 - v. Mandatory Harassment Prevention Training
 - vi. Application for California Government Identification Card
 - b. Members shall provide proof that they have taken or have applied to take mandatory ethics orientation training, and sexual harassment and abusive conduct training, and provide proof of completion or the expected dates of completion.
 - c. Newly elected/appointed Members shall have 30 days from receipt of documents by certified mail to return the signed documents, and evidence of completion of training or expected date of completion, as appropriate, to CAC.
 - d. Currently serving Members who are delinquent in returning signed documents to CAC shall have 15 days to complete the requirements specified in subsection b) above.
 - e. Failure of any Member to comply shall result in the immediate suspension of the Member from participating in any CAC activities including serving on the Board and Committees of CAC.
 - f. Reinstatement of a suspended Member shall be subject to approval by the Board. **??**

III. DISCLOSURE AND FINANCIAL INTEGRITY

- 1. Members shall comply with disclosure procedures and report the following.
 - a. Material information or unreported transactions that affect the disclosures made in the financial statements.
 - b. Information concerning significant deficiencies and material weaknesses in the design or operation of CAC's internal control over financial reporting which are likely to adversely affect the ability to record, process, summarize and report financial information
 - c. Fraud, whether or not material, that involves Members who have a significant role in internal control or financial reporting

IV. USE OF CAC ASSETS

1. Assets. Members shall adhere to the following.

- a. Responsible for the proper use of CAC assets, and shall safeguard such assets against loss, damage, misuse or theft.
- b. Not use CAC identification, stationery, supplies, or equipment for personal or political purposes.
- 2. Funds. Members shall adhere to the following.
 - a. Accept responsibility for all CAC funds over which they exercise control.
 - b. Use funds only for CAC purposes and not for personal benefit.
 - c. Follow prescribed procedures for recording, handling, and protecting money as specified in CAC policies.
 - d. Report any information of misuse of funds to the appropriate person at CAC.

V. CONSTITUENTS AND SUPPLIERS

1. Relationship

Members shall not invest in or acquire a financial interest in any business that has a contractual relationship with CAC, and/or that provides goods or services where such investment or interest could influence or create the impression of influencing their decisions.

2. Gift, Entertainment, and Favors Members shall not accept entertainment, gifts or personal favors that would actually, or appear to undermine or influence their decisions.

VI. GOVERNMENT INTERACTION

Members shall comply with all applicable laws and regulations governing contact and dealings with government employees and public officials, and to adhere to high ethical, moral and legal standards of conduct.

VII. REPORTING VIOLATIONS

Members are responsible for carrying out and monitoring compliance with this Code including the reporting of possible or actual violations of the Code to the Chair or Board as appropriate.

Reports of suspected violations shall be investigated immediately. All reports shall be treated confidentially, except where disclosure is required to investigate a report or by applicable law or legal process. Members shall be protected from retaliation of any kind.

VIII. DISCIPLINARY ACTIONS/TERMINATION/REMOVAL

- 1. Members are required to strictly adhere to this Code. Failure to fulfill responsibilities under this Code may result in disciplinary action.
- 2. Appropriate action shall be taken against any person who is found to have violated any provision of this Code. Where laws have been violated, CAC shall fully cooperate with appropriate authorities. Reprisal, threats, retribution or retaliation against any Member who has in good faith reported a violation or a suspected violation of law, this Code or other CAC policies or procedures, or against any person who is assisting in any investigation or process with respect to such a violation, are prohibited.

- 3. CAC may discipline or remove any Member from the Board or any Committee for cause, as determined by a two-thirds vote at any properly called and noticed Board meeting where a quorum is present. In the event of removal from the Board, the vacancy shall be filled in the manner provided in Food and Agricultural Code section 67053. In the event of removal from a Committee, the vacancy shall be filled in accordance with CAC bylaws.
- 4. The procedure for addressing complaints shall be as follows:
 - Complaints shall be in writing and forwarded to the Executive Committee which shall determine whether the complaint merits formal process. If the Member who is the subject of the complaint is on the Executive Committee, the Member shall not participate in any discussions and/or decision regarding the complaint. If the complaint is not one that can be informally resolved, the following process shall be followed.
 - b. The Member shall be provided written notice and the specifics of the complaint which shall be sent by certified mail or the equivalent. Notice shall be deemed received on the date of delivery as confirmed by the carrier.
 - c. The written notice shall provide at least 14 calendar days for the Member to respond. The Member's response shall be in writing and shall provide the following:
 - i. A written statement and any documents detailing arguments against the complaint, or
 - ii. A written statement and any documents detailing arguments against the complaint and a request for an in-person hearing before the Board.
 - d. If the Member provides a response within the required time period, the Chair shall call a special Board meeting (or utilize an already scheduled regular meeting) to hear the matter. If the Member provides a written statement and documents, if appropriate, the Board shall consider this information and information provided by CAC legal counsel and other sources, and render its decision based on all such information. If the Member requested an in-person hearing, the Board shall provide the Member with a reasonable amount of time at the Board meeting to address the issues specified in the complaint.
 - e. If the member does not respond, the Board shall utilize any information in its possession and take action it determines to be appropriate.
 - f. The decision to hold the Board meeting in open or closed session shall be governed by state law based on the facts of the particular matter. If the law allows but does not require a closed session, the Chair shall determine the manner in which to proceed.
 - g. Following consideration of information as specified above, the Board shall render its decision, which may result in no action, a written reprimand, temporary suspension from the Board or Committees, or removal from the Board and/or Committees. The decision of the Board shall be final.
 - h. The Member may be prevented by Board action from attending meetings of the Board and Committees pending resolution of the complaint.

BOARD INFORMATION

ITEMS 9.a & 9.b: 2024-25 Planning

SUMMARY:

At the June 2024 Board meeting, the CAC Board reviewed the existing CAC Industry Strategic Intent 2025, which provides management with the high-level strategic direction for development of priorities, objectives and strategies for the coming year. While the Board did not propose any changes to the Strategic Intent document at that time, as a result of subsequent planning discussions, management has proposed the attached revisions to the competitive advantages, brand positioning/promise, as well as the marketing priority, objectives and strategies.

CAC management is well underway in the development of the detailed 2024-25 business plan and budget, which will be presented to the Board for approval at the October 2024 meeting. While this item is presented as informational, if the Board desires any changes to the strategic direction within this document, it should be discussed and communicated to management at this August meeting in order to be incorporated into the final 2024-25 business plan.

Industry Strategic Intent 2025

Mission: To maximize grower returns by enhancing premium brand positioning for California Avocados and improving grower sustainability

Vision: To be recognized as the most-desired avocado in the world by fostering a vibrant industry

California Avocados will occupy a premium position in the market.

Key Industry Aspirations

California Avocado growers face a staggering array of challenges – sharply rising input costs, particularly water pricing, labor and costs associated with regulatory compliance; the quality and availability of deliveries through the state's water infrastructure; produce safety and invasive pest issues; and an ever-expanding volume of foreign fruit that constantly exerts downward pressure on farm-gate prices. At the same time, global consumer demand for avocados continues to grow at a record pace. Over time, consumers are expected to continue to demand and find value in sustainably grown products tailored to meet their lifestyle needs.

Consequently, we aspire to the following outcomes:

- An assured place in the market
- A price to growers that is both premium to the competition and fosters industry viability
- Consistently high-quality production
- Highly productive and efficient growers
- Stable production from year-to-year
- Sustainable industry practices
- Socially responsible practices
- Leaders in innovation
- CAC's target consumers prefer to purchase California Avocados when they are available

Competitive Advantages

- Locally and responsibly grown and sustainably farmed by California farmers growers who nurture the avocados and the land every step of the way
- Proximity to market
- Ethically sourced
- Freshest product, picked at the peak of the season
- Consistency in taste and premium eating quality

Brand Positioning/Promise

When California Avocados are in season, you can count on their freshness and premium eating quality and feel good about buying them, because ethically sourced California Avocados are locally and sustainably farmed by California growers who nurture the avocados and the land every step of the way.

Overall brand positioning/promise in development with the new Consumer Marketing agency

Target Markets

Strategic partnerships with tier 1 retail customers, foodservice chains and export accounts who are willing to pay a premium for California Avocados (Tiered-Account Approach)

CAC Core Values

Core values clarify and make explicit the principles driving CAC decisions

- Value to the grower comes first
- Leadership is forward thinking, consensus-driven
- Our ethics and integrity are uncompromised

- We're accountable and transparent
- Champion diversity, equity and inclusion in California Avocado marketing practices, programs, partners, targets and communications

Critical Factors for Success

- We're advocates for, and are engaged with, our industry
 - It's not enough to run a good marketing program...moving the industry forward requires a partnership between the Commission, growers and handlers...each has a role to play and the Commission must be fully engaged with, and supportive of, the industry
- We know and cultivate a grower profile that will fulfill Strategic Intent 2025
 - Farmers must meet certain criteria to be viable in the future. It's critical for the industry to have a shared understanding of what that profile looks like and to promote an exchange of information that fosters continual improvement and viability
- We understand what's driving consumer demand for California Avocados and we utilize that understanding in the development and execution of effective marketing programs
 - Consumers will ultimately determine our future. It's critical we get into their heads and hearts to understand clearly why they currently value the product enough to pay a premium and what it will take to maintain that position. This will help us enhance our premium positioning through effective marketing and communications
- We enjoy strategic partnerships in the marketplace
 - Retailers and foodservice operators are the gatekeepers that give us access to the market. We must establish strategic alliances with key customers to maximize the profitability of California Avocados
- We invest in research, education and outreach from grove through supply chain to advance our industry
 - A research and grower outreach program is in place that forms the cornerstone for strengthening our position as a premium product, now and in the future

CAC Strategic Intent

CAC Priority No. 1:

Position California Avocados to be the world's most-valued and desired avocados among targeted audiences*

*(for <u>targeted</u> consumers, retailers, foodservice operators, wholesalers, growers)

Rationale

California Avocados already enjoy a coveted market position as the most-recognized and trusted avocado "brand" in the Western U.S. where most California Avocados are sold. This distinction is critical since it creates the foundation for being positioned as the world's most-valued and desired avocados—a "must have" for all California growers who face higher costs of production than are borne by their competitors. Consumers in the West who have an opinion about the origin of their avocados consistently prefer California-grown avocados over those from other origins. This preference usually corresponds with a willingness to pay premium prices when California Avocados are in season, as compared to prices paid at other times of the year. Other target avocado consumers who are not actively concerned with avocado origin must be provided with additional motivation to prefer California Avocados and a willingness to pay a premium for them when in season (The inherent value recognized by consumers ultimately <u>can</u> means increased profitability for retailers, foodservice operators, wholesalers and, most importantly, growers.)

Objectives:

- 1. <u>Achieve Aspire to a premium average price per pound that meets or exceeds the four-year average historical price</u> <u>differential between California and imports-the target set by the California Avocado Commission Board of Directors</u>
- 2. Retain or increase California Avocado awareness, perceived value and preference with our consumer targets
- 3. Retain or increase perceived value and preference with our consumer targets
- <u>34</u>. Build loyalty with existing and target new trade customers

Strategies:

A. Assess and define the most viable consumer targets for California Avocados

- B. Determine relevant "why California Avocado" messaging that elevates premium brand positioning and motivates consumer purchasing behavior
- -C. Consistently drive the brand essence and messaging hierarchy, differentiating California Avocados from other origins
 - DB. Utilize strategic criteria that determines trade customer targets and promotion investment allocationsAssess and refine ongoing and new trade customer focus
 - EC. Develop <u>consumer and</u> trade communications creating anticipation for the California Avocado season and ongoing demand for throughout the California Avocado <u>seasons</u>
 - FD. <u>DevelopBuild</u> Collaborate collaborative trade programs that and develop trade target the customers' Marketing programs that build consumer awareness and purchases avocado shoppers and patrons
 - GE. Ensure the "California" in California Avocados is prominent in store and on menuin all trade customer marketing communications, including in store and on menu where allowed

CAC Priority No.2:

Advocate for, and engage with, the industry

Rationale

An effective marketing program, by itself, is not enough to ensure the success of the California Avocado industry. Farming continues to become more difficult as growers operate in an increasingly complex web of competition, regulation, market preferences and shifting costs. Often, collective action is necessary to affect a positive outcome on a pressing issue that is impacting the industry. The Commission gives growers a mechanism to act in concert and speak with one voice. Through CAC, resources can be brought to bear on common issues like trade access, pesticide registrations, regulatory issues, water availability and food safety concerns to the benefit of all growers. It is imperative that issues affecting the avocado industry are proactively anticipated, prioritized and managed to shape outcomes that are compatible with the industry's future. CAC must have an issues management program that is ever-vigilant and focused on the future, to ensure that everything possible is being done to safeguard the industry's economic investment. CAC also can serve as a reservoir and conduit for information needed to enable growers to be successful at the business of growing avocados. Informed decision-making is essential to this success, and with a robust outreach program, CAC can deliver relevant information uniquely tailored to California Avocado growers in a way that no other organization can, equipping them to leverage opportunities, redirect threats and adapt to change.

Objectives:

- 1. Proactively shape avocado industry issue outcomes that are compatible with the industry's key aspirations and CAC's values
- 2. Build consensus on the strategic direction to be taken to achieve the industry's key aspirations
- 3. Enhance California Avocado grower productivity and success
- 4. Ensure a full understanding and consideration of how government agency decisions will impact California Avocado producers

Strategies:

- A. Anticipate and prioritize issues; use informed decision-making when executing plans that shape issue outcomes and respond immediately to crisis issues
- B. Collect and compile information vital to understanding global avocado market forces
- C. Execute an industry communications program that promotes discussion, consensus, action and feedback
- D. Maintain and develop relationships with other avocado industry and agricultural organizations that leverage strengths on issues of common interest
- E. Establish, maintain and strengthen relationships with influential governmental agency personnel (e.g., United States Department of Agriculture, Food and Drug Administration and others)

CAC Priority No. 3:

Support industry strategy through research and outreach

Rationale

The long-term success of the California Avocado industry hinges on grower profitability. To ensure its viability, the industry needs to invest wisely in research and outreach activities that address the most pressing needs of growers. CAC has made substantial progress toward focusing the research effort, aligning it with the Commission's broader marketing strategies and improving communication with and between growers.

Continual improvement—in terms of productivity, quality and operating efficiency—is an imperative if the industry is to thrive. It also acknowledges that advances through research are of little value to the industry if they are not communicated to, and adopted by, growers. With limited resources, it's critical that research and outreach programs be industry-driven based on needs identified through the CAC strategic planning process. Objectives must be well-defined, scientists must be recruited and matched to specific industry challenges and all programs must operate with full accountability to justify the investment by California Avocado growers.

Objectives:

- 1. Enhance California Avocado grower productivity and success
- 2. Ensure consistently safe, high-quality production that supports CAC's market development efforts

Strategies:

- A. Design and implement a Production Research Program focused on practical solutions to grower-defined priorities
- B. Develop a research-based outreach and education program for California Avocado growers and other industry stakeholders

CAC Priority No. 4:

Cultivate organizational excellence / Demonstrate effective use of resources

Rationale

CAC can only assist the industry to realize its strategic intent if it has the support of its constituents. Grower perception of the value of CAC is directly related to leadership the organization provides, its stewardship of assessment funds collected and the efficacy of its efforts. Principles of transparency, accountability and integrity must guide every Commission action. CAC must monitor its performance and continuously challenge itself to deliver value for every assessment dollar spent. This is the heart of the Board-management partnership. In addition, maintaining a competent team of professionals also requires continual recruitment of talent, with an emphasis on diversity and inclusiveness, investment in Board and employee development and creation of an organizational culture where openness, creativity and innovation are encouraged and rewarded.

Objectives:

- 1. Ensure that the Commission has the proper leadership, organizational structure and resources necessary to provide value to all assessment-paying growers
- 2. Maximize California Avocado grower return on investment while minimizing risk and maintaining proper stewardship of grower funds
- 3. Achieve continual improvement in the operation of the Commission and execution of its programs
- 4. Achieve financial sustainability

Strategies:

- A. Conduct outreach efforts that continually identify and recruit new Board members and provide for their proper orientation
- B. Recruit for diversity and inclusivity when seeking board members, staff and vendors
- C. Ensure that the assessment rate, revenue and expenditures are appropriate to meet the industry's needs and expectations
- C. Allocate financial resources against industry priorities
- D. Implement comprehensive risk management procedures
- E. Create staff development programs that enhance competencies, maintain productivity and improve effectiveness and job satisfaction
- F. Maintain a balanced budget

ITEM 9.d: Consider approval of preliminary 2024-25 CAC budget

SUMMARY:

In January 2024 CAC management participated in the U.S. Department of Agriculture, Agricultural Marketing Service's (USDA AMS) management review to provide assurance that CAC is functioning in accordance with governing policies and regulations. As part of this review, USDA AMS advised the Commission that Section 1219.50(a) of the Order requires budgets to be submitted to USDA AMS not less than 60 days before the beginning of the fiscal period. While CAC is not subject to this requirement, AMS has suggested that the Commission submit in accordance with this timeframe for ample review time and to limit timing issues related to budget approval.

In an effort to comply with this request from USDA AMS and ensure timely approval of 2024-25 agreements that will be effective November 1, 2024, CAC has developed the attached preliminary 2024-25 budget for the Board's approval. Please note, CAC staff is prepared to discuss the details associated with the proposed budget, however complete line-item details for every activity have not yet been finalized. The final 2024-25 CAC business plan and budget, including line-item budget, action plans and performance measure details will be presented for CAC Board approval at the October 2024 meeting.

FISCAL ANALYSIS:

The proposed 2024-25 CAC preliminary budget has been developed with only the anticipated 2024-25 HAB 85% rebate revenue as income, resulting in ample reserves remaining at 2024-25 year-end. Approval of this budget does not ensure there will be no 2024-25 CAC assessment revenue, as the final decision regarding the 2024-25 CAC assessment rate will be made at the October 2024 CAC Board meeting.

BOARD OPTIONS:

- Approve the 2024-25 CAC Preliminary Budget, as presented
- Approve the 2024-25 CAC Preliminary Budget, with modifications
- Take no action

STAFF RECOMMENDATION:

 Management recommends the Board discuss the proposed preliminary budget, modify if needed, and approve a preliminary 2024-25 budget to ensure timely processing of required USDA approvals for CAC marketing agreements
